

ARRIVAL AND DISMISSAL REMINDERS

- ❖ Students may not be dropped off before 8:45. There is no supervision in the carpool area at that time which presents a safety issue.
- ❖ Parents should not drop students in the back parking lot. Please remain in the carpool line and drop off at the front of the school.
- ❖ Our students are called to carpool by numbers. Please do not pull around other cars to move up. Students will not be lined up in the correct order and the process will be delayed. Remain in your space until the car ahead of you moves.
- ❖ Display your carpool number each day. Cars without numbers will be asked to park and come in to show identification.

Thank you for your cooperation! Our top priority is the safe arrival and dismissal for our students.
